ESTABLISHED 1833. THURSDAY EVENING, JULY 15, 1886. PRICE THREE CENTS

PAYNE!

The Senator is Let Down Easy.

The Democrats Find Nothing in the Buckeye Talk Reflecting on His Honesty

Logan's Report is Mildly Favorable, While the Third Wants His Scalp.

SENATOR PAXNE.

The Racy Committee Reports on His Case.

WASHINGTON, July 15.—The reports from the senate committee on privileges and elections upon the Payne case were submitted to the senate to-day. The report signed by Senators Pugh, Saulsbury, Vance, Eustis, the democratic members of the committee, sets forth at length the public history of the case, recognizes the transcendent importance of throwing around the senate of the United States the highest safeguards against seating a member whose title was procured by bribery, fraud or corruption and describes the process by which the signers reach the conclusion that there is no grounds for further proceedings against Mr. Payne.

The report says the committee's first act was to comply fully with the first request of the Onio house of representatives to make an examination of the testimony taken by the senate committee at Columbus. Upon this testimony Mr. Hoar made a report to the committee that after a careful reading no evidence, opinion or statement whatever was found personally inculpating Mr. Payne in any way with the corrupt use of money in connection with his election, neither did such examinations show that enough had been found to justify the charge that the election was procured by the corrupt use of money. About this time the supplemental resolution of the two houses of the Ohio legislature and of the republican state central committee made their appearance and soon after Congressmen Little and Butterworth were heard at length. The signers of the report declare that no new evidence not contained in the original matter submitted was brought to their attention which any court would not hold as merely cumulative and speculative, and insufficient by itself or in connection with the original to justify a report in favor of a trial by the senate of Mr. Payne's right to a seat.

They conclude that Henry B. Payne has not been charged with having anything to do personally, or with having any personal knowledge of or connection with or participation in any act or anything that may have been done or charged as having been done wrong, criminal, immoral or reprehensible in his election.

They recommend that the senate make no further investigation of the charge involving the right of Henry B. Payne to his seat. This report asks the committee be discharged from further consideration of the subject and that it be indefinately postponed.

REPUBLICAN REPORT.

Senators Teller, Evarts and Logan unite in a report which, after reciting the circumstances surrounding the senatorial election in Ohio in 1884, it is said that no action was taken by the state legislature which elected Senator Payne, calling into question the validity of his election, but that a new legislature, constituted in January of the present year, has adopted resolutions under which an investigation of Donovan's charges had been made. The only constitutional warrant for an investigation in a case like that presented is in the clause making each house of congress the judge of the qualifications of its own members, and a clause conferring the right of expulsion. The signers of the report do not find that a case has been presented that would affect Mr. Payne with such turpitude as would tolerate his expulsion from the senate.

Senators Hoar and Frye in a separate report state that they cannot concur with views expressed by the other members of the committee. They describe the eminent sources from which the chargess were brought to the attention of the senate and say they think a case is presented in which it is the duty of the senate to permit the petitioners to present their evidence and authorize the issue of a proper process to aid in procuring the attendance of witnesses as the senate is the only court which can have jurisdiction of the question. For the senate to refuse to listen to this complaint would be taken as a declaration that it is indifferent to the question whether its seats are to be in future the subject of bargain and sale or may be presented by a few millionaires as a compliment to a friend.

The senate, yesterday, in considering the river and harbor bill, accepted the grant of the Illinois and Michigan canal, and approved of the appropriation of $300,000 for commencing work on the Hennepin canal.

The house yesterday passed the Morrison resolution ardering that all of the treasury surplus in excess of $100,000,000 be devoted to the payment of bonds.

President Cleveland instructs the heads of departments to insist that government officers refrain from active participation in nominating conventions or political business to the neglect of their duties. He says they have a right to express themselves and assert their choice and belief.

A SAD AFFAIR.

Dara Johnson and Della Mapes Drowned in the Maumee River.

Messrs. Johnson and Mapes have adjoining farms on the Maumee river some distance from Woodburn, in this county. Their daughters, Dara Johnson and Della Mapes, aged seven and eight years, play together, and day before yesterday they left home to ramble in the forest as was their custom. The little ones did not return and the neighborhood was aroused. Yesterday two small heaps of clothing were found and told a tale of sorrow, as a short distance down the stream the bodies of the little ones lay in shallow water. Their arms entwined each other's neck, and stout men carried the children to the home of Mr. Johnson. It is surmised they wandered into the river to play in the water. The current was swift, and, hand in hand as they ventured in, the flood picked them up and bore them down the stream to death. Their parents are heartbroken and to-day the little ones were buried. Dr. J. M. Dinnen returned a verdict of accidental drowning.

JUST WORK.

The City Tax Assessment Reduced 5 Per Cent. by the County Board.

THE SENTINEL announces, with much pride, that the county board of equalization, this morning, decided to reduce the tax assessment or valuation of real estate in the city of Fort Wayne 5 per cent. The original valuation returned by Assessor Slater was $4,754,231. His deputies, Ed. Sidel and H. H. Bossier, were instructed by Mr. Slater to re-appraise the city, but instead of reducing the valuation they increased it in several instances. It then became necessary for the democratic board of equalization to rebuke the work of the republicans, and this morning they decided on a 5 per cent. reduction in the assessed valuation of every foot of ground in the city of Fort Wayne, cutting the original assessment of Mr. Slater and his men from $4,754,231 to $4,516,520.

The assessment of real estate in Wayne township outside the city and Perry, Washington, Springfield, Madison, Monroe, Milan, Jefferson, Pleasant and Scipio is increased 5 per cent.

The valuation of property in Maumee, Lafayette and Jackson is increased 10 per cent.

The valuation of property in Aboit township is increased 25 per cent., and the valuation in St. Joe, Lake, Eel River, Cedar Creek and Adams are approved without change.

The increase and reductions only apply to lots and lands and do not affect improvements or personal property.

The board then adjourned having completed its work.

Twins are reported in all the counties, from a single pair in ten counties to sixty-eight in Marion. A BIG ROW.

Garrett Toughs Come to Leo for a Fight and are Artistically Accommodated.

The Masonic reunion and festivities at Leo yesterday attracted a very respectable and representative gathering of prominent Masons and their families. The day was passed in speeches, addresses and other exercises appropiate to the occasion.

In the evening, however, the village was thronged with men from the northern tier and other counties about us. Among the visitors was six or seven toughs from Garrett, Ind. They promptly issued a proclamation that they could sweep the earth with any man in Leo. They came to capture the town and would not leave 'till they got a section of it. Christ Parker and his brothers, the McCrory boys, Fred Schoerff and Sisserman, the wagon maker, proposed to sustain the reputation of Allen county, and they did so. One of the Garrett boys stepped up to Schoerff and putting an index finger on his own nose, remarked, "That's never been hit."

Schoerff planted his fist on the organ and smashed it all over the fellows face. Then there was rare sport and in twenty minutes you couldn't tell a Garrett man's face from a fresh beef steak. Sisserman, the wagon maker, had dynamite, or something like it, under his muscle, as he almost knocked a stranger through the side of a house. It was the bloodiest fight on record in Leo, and not a man interfered until the hard Garrett men begged for peace.

At Cedarville, in the evening, there was another fight. This was according to Marquis of Queensbury rules and one Barvey and Galvin fought one round lasting a half hour.

A GREAT FAMILY.

Hon. Jesse L. Williams Complimented in a Newspaper.

A correspondent in the Richmond *Palladium* writes a letter about the old residents of that city and much of the information is obtained from Mrs. Sarah T. Mendenhall, who is a sister of Hon. Jesse L. Williams, of this city. In tracing the distinguished Williams family the letter concludes: "Jesse L. Williams mentioned above, left North Carolina in 1814, Cincinnati being his objective point, His oldest son, Micajah T. Williams, had previously located there. This M. T. Williams was one of the most prominent citizens of Ohio—president of her board of public works, editor and publisher of one of Cincinnati's earliest newspapers, state senator, and al one time democratic nominee for United States senator, being defeated by the whig candidate, Thomas Ewing, by one vote.

"The longevity of this Williams family is somewhat remarkable. Jesse Williams died at the age of 81, while his brother William lived to the age of 97. His son, Achilles Williams, so well remembered here, was 83 at the time of his death. Of the living descendants of Jesse Williams, Sarah T. Mendenhall, of Richmond, is in her 88th year; Eliza T. Burgess, of Dublin, Ind., is nearing her 83d year, and Hon Jesse L. Williams, of Fort Wayne, so well and favorably known for his connection with most of the public enterprises of Indiana for nearly sixty years, is approaching the 80th anniversary of his birth, having reached his 79th year in May last.

"Perhaps the only persons now residing in Richmond who were here as early as 1820, are Mrs. Mendenhall and Cornelius Ratliff. Mr. Ratliff is probably in his 90th year."

Officer Singleton Bags an Acrobat on the River Bank.

Frank Hamilton is a painter, and prides himself on being a professional acrobat. He has flesh colored tights and with this parpheralia he invited a Miss Davidson to the banks of the St. Mary's river. From the shade of a weeping willow Hamilton appeared and began his evolutions to the delight of his female friend. Officer Singleton did not relish the fellow's capers, and after dismissing the young woman, took Hamilton to the cooler. The fellow was fined $5 and costs for indecent exposure and the imprudent way in which he spoke to his lady friend in the presence of an amazed crowd Mr. Singleton found assembled near the scene. Hamilton's professional longings are crushed.

REPORT OF COMMITTEE ON STREET LIGHTS.

We, your committee on street lights, respectfully report as follows:

1. In reference to taking the electric light on the tower at the corner of Broadway and Taylor streets, we report that we recommend that a light be taken off said tower and placed at such a point in the Sixth ward as the two members from said ward shall, at next meeting of this council, recommend. We make this recommendation because it is hardly probable that the council will increase the number of lights now in use, and we are desirous of seeing said light placed at such a point in said ward as will be of most benefit to the citizens thereof.

2. With reference to having the light on Chicago street, west of Calhoun street, raised, we report that we have notified the company to raise the light in accordance to instructions, and they promised to comply with said order at once.

We, your committee on water works and water works trustees, to whom was referred the resolution of Councilman Doehrman asking for the extension of water mains on Summit street, from Ohio to McCulloch street, thence south on McCulloch to Lewis, thence east on Lewis to Walton avenue, would respectfully report adversely.

In relation to the bill of Frederick Eckart, amounting to $1,304.07, for a 4-inch extension made on West Main street by said Eckart, from Osage street to his slaughter and packing establishment, we would respectfully report in favor of allowing $701.80, as follows:

REPORT OF THE SCHOOL TRUSTEES.

The undersigned, the board of school trustees of this city, respectfully report that the public school buildings in the Fifth, Sixth and Seventh wards of the city are thought to be inadequate to accommodate all the children that would like to avail themselves of instruction therein.

In order to meet the want the trustees have contracted for building sites in each of these wards, which contracts have been submitted to the city attorney for his approval. As soon as these contracts have been approved by your honorable body, the trustees will have prepared plans and specifications for suitable buildings to be erected on the different sites contracted for, and will advertise for bids for the erection and completion of said school buildings.

The grounds selected and contracted for are as follows:

In the Fifth ward, lots 7, 8 and 9 of Try's addition to Fort Wayne; consideration, $1,050.

In the Sixth ward, lots 7, 8 and 9, Fairfield's addition to Fort Wayne; consideration, $2,000.

In the Seventh ward, lots 7, 8 and 9, Hanna and Fishor's addition to Fort Wayne; consideration, $1,000.

After the approval of these contracts by your honorable body, the school trustees will receive from the grantors good and sufficient warranty deeds for said grounds, and will pay the considerations therefor out of the special school fund now in their hands.

With the consent of your honorable body, the trustees will award the contract for these three (3) school buildings at the earliest possible day, thereby saving time so necessary to the early opening of the schools in these buildings, and will report their action to you at your next meeting thereafter. Payment for these buildings to be made out of the special school fund now in the hands of the trustees.

All of which is respectfully submitted.

These items of allowance make a sum total of $45, which sum we recommend be allowed.

The New Bishop of Missouri.

The Rt. Rev. Daniel Sylvester Tuttle has been recently elected Protestant Episcopal bishop of Missouri. He is a man with a generous looking face and a broad head, and presumably a level one. He is of the stout, sturdy type of man that one would expect to be developed on the western prairies. Everything is on the great scale out there.

BISHOP TUTTLE.

Bishop Tuttle is not a born western man, however, though he went to the territories young enough to grow up with the country. He was born in Windham, N. Y., in 1837. At the age of 20 he was graduated at Columbia college, in New York city.

Mr. Tuttle finished the course at the general Theological seminary after leaving college, and was ordained a clergyman in 1863. His first pastorate was at Morris, N. Y. In 1866 he received the degree of S. T. D., which means "Doctor of Sacred Theology."

He was 30 years old when he went first to the far west. He was sent as a missionary bishop to Utah, Idaho and Montana. The ceremony of consecration was performed in Trinity chapel, New York, by Bishops Potter, Hopkins, and others.

The bishop has roughed it with the best of them in his day. As far back as 1868 he was elected bishop of Missouri, but declined to leave his territories at that time. In '84 he went to Scotland as the delegate from Columbia college to the University of Edinburgh, on the occasion of the 300th anniversary of its founding.

It is cooling and soothing to the skin, fragrant and refreshing to the nostrils, and will cure that ugly, annoying headache before you have the time to think about it. POND'S EXTRACT is also invaluable for BURNS, SUNBURNS, Chafings, Stings of Insects, Piles, Sore Eyes, Sore Feet, Inflammations and Hemorrhages of all kinds. *Be sure to get the genuine.*

Is Your Liver out of Order.

Then is your whole system deranged—the blood is impure, the breath offensive, you have a headache, feel languid, dispirited and nervous, have no appetite, your sleep is troubled and unrefreshing. To prevent a more serious condition, take at once a half tablespoonful of Simmons Liver Regulator, three times a day—it will soon restore the healthy action of the liver, bowels and kidneys.

"I reccommend Simmons Liver Regulator to all my friends, as I have personally known it to cure all liver disorders and sick headache. A. MERRITT, Beverly, N. J."

There is one thing nobody ever regrets—that is, the day they first adopted Parker's Tonic as their regular family medicine. Its range is so wide, and its good effects so sure, that nothing else, except good nursing, are needed in a great majority of cases. Buy it, try it, and afterwards it will not require any praise from us.

A BOSTON BLUE BLOOD.

And Some Other Interesting Objects at Boston.

[Special Correspondence.]

BOSTON, July 12.—This is a picture of one of the celebrated blue bloods. He dresses in black broadcloth winter and summer, wears a stovepipe hat, a stand-up collar of the style of thirty years ago, carries a cane, never walks faster than one mile an hour, attends the new Old South church, carries his revolutionary ancestors always in his memory, and never forgets them. He regards this universe as finished only in proportion as Boston is finished, and in his secret soul is somewhat disposed to criticise Deity for not taking up a permanent residence in Boston.

A string of horse cars half a mile in length shows the daily block on Tremont street near the Common about 6 o'clock every evening, and represents an average loss of one hour daily to every business man living in the suburbs. Boston turns up its nose at an elevated road like that of degraded New York.

I wish you could see a section of a Washington street sidewalk at 3 in the afternoon, between Boylston street and the old State house. It is only wide enough for three persons to walk abreast, and when four persons stop to see the young man baking griddle cakes in a restaurant window it congests the passage. The persons off the curb and in the gutters belong to the weaker sex of both genders, who are crowded off by the stronger. It takes courage, muscle, brass, patience and perseverance to promenade a Boston shopping sidewalk at this time in the afternoon.

PRENTICE MULFORD.

That Terrible Drain

Which scofula has upon the system must be arrested, and the blood must be purified, or serious consequences will ensue. For purifying and vitalizing effects, Hood's Sarsaparilla has been found superior to any other preparation. It expels every trace of impurity from the blood, and bestows new life and vigor upon every function of the body, enabling it to entirely overcome disease.

Muncie has organized a stock company to bore for gas and oil. Albion would also like to become an oil center.

Hay Fever Sufferers.

The number of people annually afflicted with this most annoying malady seems to be greatly on the increase. * * The editor of this journal is an annual victim, and, with a view to discover a specific cure, has tried numerous remedies. Of these Ely's Cream Balm is by all odds the quickest and most satisfactory, two applications greatly allaying the usual symptoms in the nose and eyes. We would recommend its use by all subject to hay fever, and we gladly bear unsolicited testimony to its efficacy in our own case. * * * Media, Pa., *Record.*

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub wakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

STEWART & HAHN

Beg to announce that on SATURDAY NEXT, July 17th, they begin their SUMMER CLEARING SALE of all goods pertaining to warm weather, and all other goods of which they may have a surplus. In return for the generous patronage so liberally bestowed on us since our opening and particularly for the increase of this year's sales, we purpose making this sale a virtual distribution of STOCK DIVIDENDS, averaging 25 per cent. to all purchasers of goods during the sale. Sale to continue up to Saturday, July 31st, inclusive. It would be impossible to give an itemised statement in full of the reduction made in our prices. But in order to make the MARK DOWN complete throughout our store, we will be at work until 12 o'clock Friday night to accomplish it thoroughly. We have learnt, by experience in the past, that the Citizens of Fort Wayne respect our statements and believe our advertisements, and we shall see to it that their confidence is not misplaced. We invite everyone to come and inspect our Goods and Prices and particularly the very few who have not yet traded at the BOSTON STORE. Throw aside prejudice, if any exists, and visit an establishment that sells goods on their merits only. The following are a few of the bargains and we warrant five times as many more that are too numerous to publish:

Goshorn and others, went to Huntington at noon, and will view the explosion. Dynamite cartridges will be used.

The Toledo *Bee* says: "Pierson is a great name to have. At present there is a lady of Fort Wayne, a Mrs. Johnson, who is visiting Dayton and is engaged in looking up the affairs of an immense estate left in England by Benjamin Pierson, her great grandfather, who came to this country during the revolutionary war and never returned. His estate in England is now estimated at $7,000,000, and a distribution will be made as soon as all the heirs cand be found. These vast English fortunes are being discovered with wonderful rapidity."

The South Bend *Times* says: "Four candidates for congress have already been nominated in the Fort Wayne district—Hon. Robert Lowry by the democrats, Captain J. B. White by the republicans, Rev. McPhail by the prohibitionists, and Charles S. Shoutz by the greenbackers. The first two named are residents of Allen county, and last two of Noble county. The democratic bolters talk of nominating the fifth candidate some time next month. With such an array of congressional candidates, the honest yeomanry of the twelfth district ought to experience no difficulty in picking a choice."

The Fort Wayne "Mets" were defeated twice at Columbia City, but said nothing about it. The Columbia City nine beat them in the morning 15 to 20 and the St. Louis Nickels defeated the Fort Wayne boys in the afternoon 9 to 6. The Wabash excursion from Andrews and Fort Wayne to Detroit, several weeks ago, was accompanied with several interesting occurrences which have just come to light. On board the excursion was Miss Mary Flin and Wm. Liggett, of Andrews, who upon their arrival at Detroit, went off quietly and got married. They returned on the excursion and no one was any the wiser until a few days ago when they bought the furniture and went to housekeeping. This will again start the rumor that P. J. Fallan eloped with a Fort Wayne belle on the same tour.

ESTABLISHED 1833. THURSDAY EVENING, JULY 15, 1886. PRICE THREE CENTS

PAYNE!

The Senator is Let Down Easy.

The Democrats Find Nothing in the Buckeye Talk Reflecting on His Honesty

Logan's Report is Mildly Favorable, While the Third Wants His Scalp.

SENATOR PAYNE.

The Racy Committee Reports on His Case.

WASHINGTON, July 15.—The reports from the senate committee on privileges and elections upon the Payne case were submitted to the senate to-day. The report signed by Senators Pugh, Saulsbury, Vance, Eustis, the democratic members of the committee, sets forth at length the public history of the case, recognizes the transcendent importance of throwing around the senate of the United States the highest safeguards against seating a member whose title was procured by bribery, fraud or corruption and describes the process by which the signers reach the conclusion that there is no grounds for further proceedings against Mr. Payne.

The report says the committee's first act was to comply fully with the first request of the Onio house of representatives to make an examination of the testimony taken by the senate committee at Columbus. Upon this testimony Mr. Hoar made a report to the committee that after a careful reading no evidence, opinion or statement whatever was found personally inculpating Mr. Payne in any way with the corrupt use of money in connection with his election, neither did such examinations show that enough had been found to justify the charge that the election was procured by the corrupt use of money. About this time the supplemental resolution of the two houses of the Ohio legislature and of the republican state central committee made their appearance and soon after Congressmen Little and Butterworth were heard at length. The signers of the report declare that no new evidence not contained in the original matter submitted was brought to their attention which any court would not hold as merely cumulative and speculative, and insufficient by itself or in connection with the original to justify a report in favor of a trial by the senate of Mr. Payne's right to a seat.

They conclude that Henry B. Payne has not been charged with having anything to do personally, or with having any personal knowledge of or connection with or participation in any act or anything that may have been done or charged as having been done wrong, criminal, immoral or reprehensible in his election.

They recommend that the senate make no further investigation of the charge involving the right of Henry B. Payne to his seat. This report asks the committee be discharged from further consideration of the subject and that it be indefinately postponed.

REPUBLICAN REPORT.

Senators Teller, Evarts and Logan unite in a report which, after reciting the circumstances surrounding the senatorial election in Ohio in 1884, it is said that no action was taken by the state legislature which elected Senator Payne, calling into question the validity of his election, but that a new legislature, constituted in January of the present year, has adopted resolutions under which an investigation of Donovan's charges had been made. The only constitutional warrant for an investigation in a case like that presented is in the clause making each house of congress the judge of the qualifications of its own members, and a clause conferring the right of expulsion. The signers of the report do not find that a case has been presented that would affect Mr. Payne with such turpitude as would tolerate his expulsion from the senate.

Senators Hoar and Frye in a separate report state that they cannot concur with views expressed by the other members of the committee. They describe the eminent sources from which the charges were brought to the attention of the senate and say they think a case is presented in which it is the duty of the senate to permit the petitioners to present their evidence and authorize the issue of a proper process to aid in procuring the attendance of witnesses as the senate is the only court which can have jurisdiction of the question. For the senate to refuse to listen to this complaint would be taken as a declaration that it is indifferent to the question whether its seats are to be in future the subject of bargain and sale or may be presented by a few millionaires as a compliment to a friend.

The senate, yesterday, in considering the river and harbor bill, accepted the grant of the Illinois and Michigan canal, and approved of the appropriation of $360,000 for commencing work on the Hennepin canal.

The house yesterday passed the Morrison resolution ordering that all of the treasury surplus in excess of $100,000,000 be devoted to the payment of bonds.

President Cleveland instructs the heads of departments to insist that government officers refrain from active participation in nominating conventions or political business to the neglect of their duties. He says they have a right to express themselves and assert their choice and belief.

A SAD AFFAIR.

Dara Johnson and Della Mapes Drowned in the Maumee River.

Messrs. Johnson and Mapes have adjoining farms on the Maumee river some distance from Woodburn, in this county. Their daughters, Dara Johnson and Della Mapes, aged seven and eight years, play together, and day before yesterday they left home to ramble in the forest as was their custom. The little ones did not return and the neighborhood was aroused. Yesterday two small heaps of clothing were found and told a tale of sorrow, as a short distance down the stream the bodies of the little ones lay in shallow water. Their arms entwined each other's neck, and stout men carried the children to the home of Mr. Johnson. It is surmised they wandered into the river to play in the water. The current was swift, and, hand in hand as they ventured in, the flood picked them up and bore them down the stream to death. Their parents are heartbroken and to-day the little ones were buried. Dr. J. M. Dinnen returned a verdict of accidental drowning.

JUST WORK.

The City Tax Assessment Reduced 5 Per Cent. by the County Board.

THE SENTINEL announces, with much pride, that the county board of equalization, this morning, decided to reduce the tax assessment or valuation of real estate in the city of Fort Wayne 5 per cent. The original valuation returned by Assessor Slater was $4,754,231. His deputies, Ed. Sidel and H. H. Bossler, were instructed by Mr. Slater to re-appraise the city, but instead of reducing the valuation they increased it in several instances. It then became necessary for the democratic board of equalization to rebuke the work of the republicans, and this morning they decided on a 5 per cent. reduction in the assessed valuation of every foot of ground in the city of Fort Wayne, cutting the original assessment of Mr. Slater and his men from $4,754,231 to $4,516,520.

The assessment of real estate in Wayne township outside the city and Perry, Washington, Springfield, Madison, Monroe, Milan, Jefferson, Pleasant and Scipio is increased 5 per cent.

The valuation of property in Maumee, Lafayette and Jackson is increased 10 per cent.

The valuation of property in Aboit township is increased 25 per cent., and the valuation in St. Joe, Lake, Eel River, Cedar Creek and Adams are approved without change.

The increase and reductions only apply to lots and lands and do not affect improvements or personal property.

The board then adjourned having completed its work.

Also, that there were 310 children born who were the twelfth or over to the same mother, and two were reported from Martin county who were the nineteenth child to the same mother. Twins are reported in all the counties, from a single pair in ten counties to sixty-eight in Marion. A BIG ROW.

Garrett Toughs Come to Leo for a Fight and are Artistically Accommodated.

The Masonic reunion and festivities at Leo yesterday attracted a very respectable and representative gathering of prominent Masons and their families. The day was passed in speeches, addresses and other exercises appropiate to the occasion.

In the evening, however, the village was thronged with men from the northern tier and other counties about us. Among the visitors was six or seven toughs from Garrett, Ind. They promptly issued a proclamation that they could sweep the earth with any man in Leo. They came to capture the town and would not leave 'till they got a section of it. Christ Parker and his brothers, the McCrory boys, Fred Schoerff and Sisserman, the wagon maker, proposed to sustain the reputation of Allen county, and they did so. One of the Garrett boys stepped up to Schoerff and putting an index finger on his own nose, remarked, "That's never been hit."

Schoerff planted his fist on the organ and smashed it all over the fellows face. Then there was rare sport and in twenty minutes you couldn't tell a Garrett man's face from a fresh beef steak. Sisserman, the wagon maker, had dynamite, or something like it, under his muscle, as he almost knocked a stranger through the side of a house. It was the bloodiest fight on record in Leo, and not a man interfered until the hard Garrett men begged for peace.

At Cedarville, in the evening, there was another fight. This was according to Marquis of Queensbury rules and one Barvey and Galvin fought one round lasting a half hour.

A GREAT FAMILY.

Hon. Jesse L. Williams Complimented in a Newspaper.

A correspondent in the Richmond *Palladium* writes a letter about the old residents of that city and much of the information is obtained from Mrs. Sarah T. Mendenhall, who is a sister of Hon. Jesse L. Williams, of this city. In tracing the distinguished Williams family the letter concludes: "Jesse L. Williams mentioned above, left North Carolina in 1814, Cincinnati being his objective point. His oldest son, Micajah T. Williams, had previously located there. This M. T. Williams was one of the most prominent citizens of Ohio—president of her board of public works, editor and publisher of one of Cincinnati's earliest newspapers, state senator, and at one time democratic nominee for United States senator, being defeated by the whig candidate, Thomas Ewing, by one vote.

"The longevity of this Williams family is somewhat remarkable. Jesse Williams died at the age of 81, while his brother William lived to the age of 97. His son, Achilles Williams, so well remembered here, was 83 at the time of his death. Of the living descendants of Jesse Williams, Sarah T. Mendenhall, of Richmond, is in her 88th year; Eliza T. Burgess, of Dublin, Ind., is nearing her 83d year, and Hon Jesse L. Williams, of Fort Wayne, so well and favorably known for his connection with most of the public enterprises of Indiana for nearly sixty years, is approaching the 80th anniversary of his birth, having reached his 79th year in May last.

"Perhaps the only persons now residing in Richmond who were here as early as 1820, are Mrs. Mendenhall and Cornelius Ratliff. Mr. Ratliff is probably in his 90th year."

A TUMBLER.

Officer Singleton Bags an Acrobat on the River Bank.

Frank Hamilton is a painter, and prides himself on being a professional acrobat. He has flesh colored tights and with this paraphernalia he invited a Miss Davidson to the banks of the St. Mary's river. From the shade of a weeping willow Hamilton appeared and began his evolutions to the delight of his female friend. Officer Singleton did not relish the fellow's capers, and after dismissing the young woman, took Hamilton to the cooler. The fellow was fined $5 and costs for indecent exposure and the imprudent way in which he spoke to his lady friend in the presence of an amazed crowd Mr. Singleton found assembled near the scene. Hamilton's professional longings are crushed.

COMMON COUNCIL.

Proceedings of the Local Legislature in Regular Session.

REPORT OF COMMITTEE ON STREET LIGHTS.

We, your committee on street lights, respectfully report as follows:

1. In reference to taking the electric light off the tower at the corner of Broadway and Taylor streets, we report that we recommend that a light be taken off said tower and placed at such a point in the Sixth ward as the two members from said ward shall, at next meeting of this council, recommend. We make this recommendation because it is hardly probable that the council will increase the number of lights now in use, and we are desirous of seeing said light placed at such a point in said ward as will be of most benefit to the citizens thereof.

2. With reference to having the light on Chicago street, west of Calhoun street, raised, we report that we have notified the company to raise the light, in accordance to instructions, and they promised to comply with said order at once.

REPORT OF COMMITTEE ON WATER WORKS AND WATER WORKS TRUSTEES.

We, your committee on water works and water works trustees, to whom was referred the resolution of Councilman Doehrman asking for the extension of water mains on Summit street, from Ohio to McCulloch street, thence south on McCulloch to Lewis, thence east on Lewis to Walton avenue, would respectfully report adversely.

In relation to the bill of Frederick Eckart amounting to $1,301.01, for a 4-inch extension made on West Main street by said Eckart, from Osage street to his slaughter and packing establishment, we would respectfully report in favor of allowing $701.80, as follows:

1,320 feet of pipe	$440 55
Laying pipe	211 20
2-inch valve	15 00
1 valve box	3 35
Freight	31 70
Total	$701 80

This covers the entire expense of laying a 4-inch main of 1,320 feet at present rates, on Main street from Osage street to the terminus of the pipe on Main street, and that said amount may be paid out of the water works funds by the trustees thereof upon said Eckart transferring by bill of sale all his individual right and title to said pipe unto the city of Fort Wayne.

REPORT OF THE SCHOOL TRUSTEES.

The undersigned, the board of school trustees of this city, respectfully report that the public school buildings in the Fifth, Sixth and Seventh wards of the city are thought to be inadequate to accommodate all the children that would like to avail themselves of instruction therein.

In order to meet the want the trustees have contracted for building sites in each of these wards, which contracts have been submitted to the city attorney for his approval. As soon as these contracts have been approved by your honorable body, the trustees will have prepared plans and specifications for suitable buildings to be erected on the different sites contracted for, and will advertise for bids for the erection and completion of said school buildings.

The grounds selected and contracted for are as follows:

In the Fifth ward, lots 7, 8 and 9 of, Try's addition to Fort Wayne; consideration, $1,050.

In the Sixth ward, lots 7, 8 and 9, Fairfield's addition to Fort Wayne; consideration, $2,000.

In the Seventh ward, lots 7, 8 and 9, Hanna and Fisher's addition, to Fort Wayne; consideration, $1,000.

After the approval of these contracts by your honorable body, the school trustees will receive from the grantors good and sufficient warranty deeds for said grounds, and will pay the considerations therefor out of the special school fund now in their hands.

With the consent of your honorable body, the trustees will award the contract for their three (3) school buildings at the earliest possible day, thereby saving time so necessary to the early opening of the schools in these buildings, and will report their action to you at your next meeting thereafter. Payment for these buildings to be made out of the special school fund now in the hands of the trustees.

All of which is respectfully submitted.

J. M. MORITZ,
Trustees.

Referred to the committee on education, city attorney and the mayor.

REPORT OF SPECIAL COMMITTEE ON PUBLIC PARKS.

We, your special committee on public parks to whom was referred the resolution of Councilman Doehrman, respecting the probable purchase of certain land in the Eighth ward for a city park, respectfully report that we consulted Hon. REPORT OF SPECIAL COMMITTEE ON GAS AND STREET LIGHTS AND CITY ATTORNEY.

We, your committee on street lights, with city attorney, to whom was referred the claim of the Fort Wayne Gas Light Co. for damages sustained by breaking of its pipe in refilling of a fire cistern at the corner of Jefferson and Clinton streets, respectfully report, that we have carefully examined said claim and heard the case of claimants, and are of the opinion that claimants were guilty of no negligence and should be allowed the full expense of repairing the break, and as to the gas escaped we recommend that they be allowed the actual loss to the company, which is 50 per cent of the claim. These items of allowance make a sum total of $40, which sum we recommend be allowed.

The New Bishop of Missouri.

The Rt. Rev. Daniel Sylves or Tuttle has been recently elected Protestant Episcopal bishop of Missouri. He is a man with a generous looking face and a broad head, and presumably a level one. He is of the strong, sturdy type of man that one would expect to be developed on the western plains. Everything is on the great scale out there.

BISHOP TUTTLE.

Bishop Tuttle is not a born western man, however, though he went to the territories young enough to grow up with the country. He was born in Windham, N. Y., in 1837. At the age of 20 he was graduated at Columbia college, in New York city.

Mr. Tuttle finished the course at the general Theological seminary after leaving college, and was ordained a clergyman in 1863. His first pastorate was at Morris, N. Y. In 1866 he received the degree of S. T. D., which means "Doctor of Sacred Theology."

He was 30 years old when he went first to the far west. He was sent as a missionary bishop to Utah, Idaho and Montana. The ceremony of consecration was performed in Trinity chapel, New York, by Bishops Potter, Hopkins, and others.

The bishop has roughed it with the best of them in his day. As far back as 1868 he was elected bishop of Missouri, but declined to leave his territories at that time. In '84 he went to Scotland as the delegate from Columbia college to the University of Edinburgh, on the occasion of the 300th anniversary of its founding.

Each bidder must specify the kind, quantity and quality of coal he proposes to deliver; all coal to be accurately weighed, of the best quality, thoroughly screened and clean, and delivered inside each building and in such quantities as may be directed by the superintendent, without further cost to the board, on or before August 1 next, and all further coal needed for the schools for the year to be supplied on the same terms as that now contracted for.

A BOSTON BLUE BLOOD.

And Some Other Interesting Objects at Boston.

[Special Correspondence.]

BOSTON, July 12.—This is a picture of one of the oldest of the blue bloods. He dresses in black broadcloth winter and summer, wears a stovepipe hat, a stand-up collar of the style of thirty years ago, carries a cane, never walks faster than one mile an hour, attends the new Old South church, carries his revolutionary ancestors always in his memory, and never forgets them. He regards this universe as finished only in proportion as Boston is finished, and in his secret soul is somewhat disposed to criticise Deity for not taking up a permanent residence in Boston.

A string of horse cars half a mile in length shows the daily block on Tremont street near the Common about 6 o'clock every evening, and represents an average loss of one hour daily to every business man living in the suburbs. Boston turns up its nose at an elevated road like that of degraded New York.

I wish you could see a section of a Washington street sidewalk at 3 in the afternoon, between Boylston street and the old State house. It is only wide enough for three persons to walk abreast, and when four persons stop to see the young man baking griddle cakes in a restaurant window, it congests the passage. The persons off the curb and in the gutters belong to the weaker sex of both genders, who are crowded off by the stronger. It takes courage, muscle, brass, patience and perseverance to promenade a Boston shopping sidewalk at this time in the afternoon.

PRENTICE MULFORD.

That Terrible Drain

Which scrofula has upon the system must be arrested, and the blood must be purified, or serious consequences will ensue. For purifying and vitalizing effects, Hood's Sarsaparilla has been found superior to any other preparation. It expels every trace of impurity from the blood, and bestows new life and vigor upon every function of the body, enabling it to entirely overcome disease.

Muncie has organized a stock company to bore for gas and oil. Albion would also like to become an oil center.

Hay Fever Sufferers.

The number of people annually afflicted with this most annoying malady seems to be greatly on the increase. * * The editor of this journal is an annual victim, and, with a view to discover a specific cure, has tried numerous remedies. Of these Ely's Cream Balm is, by all odds, the quickest and most satisfactory, two applications greatly allaying the usual symptoms in the nose and eyes. We would recommend its use by all subject to hay fever, and we gladly bear unsolicited testimony to its efficacy in our own case. * * * Media, Pa., *Record.*

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub wakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

STEWART & HAHN

Beg to announce that on SATURDAY NEXT, July 17th, they begin their SUMMER CLEARING SALE of all goods pertaining to warm weather, and all other goods, of which they may have a surplus. In return for the generous patronage so liberally bestowed on us since our opening, and particularly for the increase of this year's sales, we purpose making this sale a virtual distribution of STOCK DIVIDENDS, averaging 25 per cent. to all purchasers of goods during the sale. Sale to continue up to Saturday, July 31st, inclusive. It would be impossible to give an itemised statement in full of the reduction made in our prices. But in order to make the MARK DOWN complete throughout our store, we will be at work until 12 o'clock Friday night to accomplish it thoroughly. We have learnt, by experience in the past, that the Citizens of Fort Wayne respect our statements and believe our advertisements, and we shall see to it that their confidence is not misplaced. We invite everyone to come and inspect our Goods and Prices and particularly the very few who have not yet traded at the BOSTON STORE. Throw aside prejudice, if any exists, and visit an establishment that sells goods on their merits only. The following are a few of the bargains and we warrant five times as many more that are too numerous to publish:

Etamine Dress Goods, reduced from 10c to 5c, and Black and Cream Wool-filled Brocade Bunting reduced from 20c to 10c and 18 pieces Striped Nun's Veilings, bought for this sale, to run just for fun at 4c a yard. Our 35c and 37c Cashmeres down to 29c. A few pieces of 36-inch colored all Wool French Cashmere down from 50c to 35c. Twenty per cent. taken off the face of the bill on all purchases of Black Cashmere and Black and Colored Silks (Summer Silks excepted). Summer Silks at actual cost. BROWN'S IRON BITTERS

Combining IRON with PURE VEGETABLE TONICS, quickly and completely CLEANSES and ENRICHES THE BLOOD. Quickens the action of the Liver and Kidneys. Clears the complexion, makes the skin smooth. It does not injure the teeth, cause headache, or produce constipation—ALL OTHER IRON MEDICINES DO. Physicians and Druggists everywhere recommend it.

DR. N. S. RIGGLES, of Marion, Mass., says: "I recommend Brown's Iron Bitters as a valuable tonic for enriching the blood, and removing all dyspeptic symptoms. It does not hurt the teeth."

DR. R. M. DELZELL, Reynolds, Ind., says: "I have prescribed Brown's Iron Bitters in cases of anæmia and blood diseases, also when a tonic was needed, and it has proved thoroughly satisfactory."

MR. WM. STERNE, 2081 Mary St., New Orleans, La., says: "Brown's Iron Bitters relieved me in a case of blood poisoning, and I heartily commend it to those needing a blood purifier."

MR. W. W. MONAHAN, Tuscumbia, Ala., says: "I have been troubled from childhood with Impure Blood and eruption on my face—two bottles of Brown's Iron Bitters effected a perfect cure. I cannot speak too highly of this valuable medicine."

Republican papers are in a rage because Judge Lowry appointed Marshal Cominecavish, a Knight of Labor, to a place in the mail service. Judge Lowry will see that other promotions follow not to catch the "votes," but to recognize the workingmen, who have always been faithful to the democratic party.

Building permits have been granted to L. Buriager, to erect a one story brick house on Hanna's addition, to cost $800; to Jacob Certin, to build a one story frame house on lot 84, north side addition, to cost $600, and to Charles Weller, to put up a two story frame house on lot 434, Hanna's addition, to cost $1,000.

The A. M. E. church of Fort Wayne, colored camp meeting, will be held in Captain P. Studabaker's grove at Bluffton, Ind., commencing July 17. They will be in session ten days. Pastors of all evangelical churches are cordially invited to attend with their congregations and participate in these meetings to help carry on the reformation and religion.

Mr. Mike Baltes has arranged to blow up the dam at Ferguson's mill, on the line of Little River, in Huntington county, this evening. Mrs. Anna Ferguson, who owns the mill, was given $5,000 for her property and consents to its destruction. Ditch Commissioner Ely, Surveyor Wiley, Wm. Goshorn and others, went to Huntington at noon, and will view the explosion. Dynamite cartridges will be used.

The Toledo *Bee* says: "Pierson is a great name to have. At present there is a lady of Fort Wayne, a Mrs. Johnson, who is visiting Dayton and is engaged in looking up the affairs of an immense estate left in England by Benjamin Pierson, her great grandfather, who came to this country during the revolutionary war and never returned. His estate in England is now estimated at $7,000,000, and a distribution will be made as soon as all the heirs cand be found. These vast English fortunes are being discovered with wonderful rapidity."

The South Bend *Times* says: "Four candidates for congress have already been nominated in the Fort Wayne district—Hon. Robert Lowry by the democrats, Captain J. B. White by the republicans, Rev. McPhail by the prohibitionists, and Charles S. Shontz by the greenbackers. The first two named are residents of Allen county, and last two of Noble county. The democratic holders talk of nominating the fifth candidate some time next month. With such an array of congressional candidates, the honest yeomanry of the twelfth district ought to experience no difficulty in picking a choice."

Next Tuesday the fun-makers, Haverly's minstrels, appear at the Temple. This company is composed of some very clever people, among whom we notice the "Three Germans," the mirth-provoking specialist, E. M. Hall, and the great ballard singers, Messrs. Harley, Malcolm and Curran. The finale, "The Meeting of the Gladiators," is extremely funny and should be witnessed by everybody.

The twenty-fifth annual report of the state board of agriculture has been published in book form of 600 pages. The Fort Wayne "Mets" were defeated twice at Columbia City, but said nothing about it. The Columbia City nine beat them in the morning 15 to 20 and the St. Louis Nickels defeated the Fort Wayne boys in the afternoon 9 to 6. The Wabash excursion from Andrews and Fort Wayne to Detroit, several weeks ago, was accompanied with several interesting occurrences which have just come to light. On board the excursion was Miss Mary Flin and Wm. Liggett, of Andrews, who upon their arrival at Detroit, went off quietly and got married. They returned on the excursion and no one was any the wiser until a few days ago when they bought the furniture and went to housekeeping. This will again start the rumor that P. J. Fallan eloped with a Fort Wayne belle on the same tour.

How often is the light of the household clouded by signs of melancholy or irritability on the part of the ladies. Yet they are not to be blamed, for they are the result of ailments peculiar to that sex, which men know not of. But the cause may be removed and joy restored by the use of Dr. Pierce's "Favorite Prescription," which, as a tonic and nervine for debilitated women, is certain, safe and pleasant. It is beyond all compared the greatest healer of women.

HEALTH AND STRENGTH REGAINED.

AND DEBILITATED MEN seeking health, strength and energy should avoid Drugs, secret medicines, etc., and send for "The Review," or "Health and Strength Regained," a large illustrated Journal published entirely for their benefit.

It treats on health, hygiene, physical culture, and medical subjects, and is a complete encyclopædia of information for suffering humanity afflicted with long standing, chronic, nervous, exhausting and painful diseases. YOUNG AND MIDDLE AGED MEN, and others who suffer from nervous and physical debility, exhausted vitality, premature decline, etc., are especially benefitted by consulting its contents. Everything such sufferers wish to know is fully given in its pages. If in need of medical aid or counsel read it before "doctoring" or investing in medicines or appliances of any description and you will save time, money and disappointment. If using medicine or medical treatment of any kind, read it and learn the better way.

THE REVIEW exposes the frauds practised by quacks and medical impostors who profess to "practice medicine," and points out the only safe, simple and effective road to health, vigor and bodily energy.

Electric belts and all curative appliances are treated upon; all about them—which are genuine, which are bogus. Bens on thirty days' trial (?) and other fallacies reviewed. Thousands of dollars saved nervous-debility sufferers and others by the advice given. THE REVIEW is now in its ninth year of publication. Complete specimen copies mailed FREE.
